# 2026 Rates - Bottom Paint, Buff & Wax

Larsen Marine
847-336-5456
625 E. Sea Horse Dr., Waukegan, IL 60085

Paint bottom, one coat of antifouling over existing paint that is in good condition. Our painters will sand the bottom, remove minor loose or flaking paint, solvent wipe the surface, mask off the waterline, transducers, zincs, etc. and roll on one coat of specified paint or equivalent paint of the same color. When the boat is lifted for launch, we will paint under the cradle supports and keel pad. Prices are per linear foot and include paint, equipment and labor. Additional charges include miscellaneous supplies, equal to 1.5% of labor, and a $12.00 environmental recovery charge.
